- € 3.000,- (for members instead of 3.200,-)  
incl. conference registration for 1 person
- € 3.175,- (instead of 3.375,-) – for non-member  
(incl. conference registration for 1 person and 2 years SPE membership)

\* Sponsorship does not automatically entitle the individual to attend the conference. A fee of € 625 for SPE members and € 800 (incl. 2 years SPE membership) for non-members will apply to Sponsors who wish to attend the conference.

## Why join SPE European Thermoforming Division?

The SPE European Thermoforming Division (E.T.D.) is dedicated to helping you attain higher professional status through increased scientific, engineering and technical knowledge. Through its extensive international network, E.T.D. also provides an excellent opportunity to make valuable contacts.

For more information visit [www.e-t-d.org](http://www.e-t-d.org)

Further information about the conference may be obtained from Yetty Pauwels, Society of Plastics Engineers

3 – 4 APRIL 2014

PRAGUE, CZECH REPUBLIC

# 9<sup>th</sup> EUROPEAN THERMOFORMING CONFERENCE 2014

europ<sup>ean</sup>  
thermoforming  
division

Proud to support the industry for nearly 20 years, the European Thermoforming Division of the SPE has commenced its preparation for the **9<sup>th</sup> Thermoforming Conference** which will be held at the superb **Marriott Hotel, Prague** between and including **3<sup>rd</sup> – 4<sup>th</sup> April 2014**.

The main programme is near completion and promises to be the best ever with a number of eminent speakers already agreeing to participate. The conference agenda will include presentations from experts in the thermoforming industry and lively debates in workshops about technical and commercial issues. Moreover, the conference will offer a unique opportunity to meet colleagues and customers from the industry around the world. More details are available at **[www.e-t-d.org](http://www.e-t-d.org)**

## Parallel Exhibition

The conference is to be complimented by an informative and comprehensive exhibition (table top displays) of relevant latest product developments and services offered by a variety of leading suppliers to the thermoforming industry. This will also be held in the Marriott Hotel and will create a discussion platform for exhibitors and conference participants.

A partners programme will present the opportunity to experience Prague with the famous sights and places.

Come to Prague, welcome to the next Conference!

## Preliminary Conference Programme

The programme will provide a wide range of topics highlighting production technology, market trends, environmental and sustainability aspects.

Presentations were confirmed from following companies:

- Airbus ■ Buergo. Fol ■ Ducaplast ■ ES Plastic
- Faerch ■ Fraunhofer ■ JVP ■ Ligier ■ Pactiv
- Senoplast ■ University of Twente

## Parts Competition

Thermoformers are invited to participate in the European Thermoforming Parts Competition. Originality, creativity, mould complexity and technical ability will be the judging criteria in order to promote advanced design and developments from a structural innovation perspective. Entries with thick gauge parts will be possible in the categories Vehicle/Automotive, Industrial and Point of Purchase/Displays. Thin gauge parts will be judged in the categories Food Applications, Medical Applications and General Packaging.

More details: [www.e-t-d.org](http://www.e-t-d.org)

The award winners will be presented at the European Thermoforming Conference.

## „Fundamentals of Thermoforming“ training course for Thin and Thick Gauge

2 April 2014, 10h00 – 18h00

presented by Peter Lichtherte, Technical Consulting & Management. Registration fee: € 175,-

The historic center of Prague (Hradčany with Prague Castle, the Lesser Quarter, Old Town including the Charles Bridge and Josefov, New Town and Vyšehrad) has been on **UNESCO's World Heritage** List since 1992.

The center of Prague is characterized by winding alleys and constructions of all architectural styles – Romanesque rotundas, Gothic cathedrals, Baroque and Renaissance palaces, Art Nouveau, Classicist, Cubist and Functionalist houses and modern buildings.

**A perfect place to host the ETD 2014  
Thermoforming Conference!**
