

Čelákovice, December 3<sup>rd</sup>, 2010

**Subject: Change of address**

Dear business partners,

As the leading supplier of hot runner systems to the automotive industry, Synventive has operated a dedicated facility in the Czech Republic for many years. The company has announced it is moving its Czech facility from Čelákovice to Prague. The new location provides a more efficient layout and allows service personnel to be more centrally located and accessible to customers. Office phone and fax numbers will also be changed. Mobile numbers remain the same.

**New address:**

Synventive Molding Solutions s.r.o

Sezemická 2757/2

Prague 9 – Horní Počernice

190 00
